

THE WILDCAT

1970

The Principal Speaks

May I again take this opportunity to thank the many parents, friends, and patrons of Linear who made it possible for the school to progress through the years by giving us your unselfish support.

Since its inception in 1961, Linear has been known as "a school on the grow." It has grown from a junior high with an enrollment of 760 to a senior high with an enrollment of 1,675.

The junior high school was short lived. After five years the public became concerned about the need for a high school in the community. With this need in mind and with the idea of alleviating the overcrowded condition in one of our sister schools, a new wing was built and Linear became a junior-senior high combination. Since that time it has been my pleasure to award approximately eight hundred diplomas to graduating seniors.

Again we have outgrown the capacity of our present facilities. This will probably be our final edition of a yearbook edited under the name of Linear High School as "The Wildcat." At present we are looking forward to ending our 1970-71 school session in the new multi-million dollar air conditioned plant which is presently under construction.

The main objective of Linear is to make the graduate a well-rounded individual and a productive citizen of his country. Through participation in the various extra-curricular activities, he gains meaningful and lasting experiences that also help in developing the total person.

When a student leaves Linear, he has a fairly good idea of what he wants to be. He is also aware of the importance Linear has played in helping him to achieve this goal. Many of its graduates go on to college and other institutions of higher learning.

We solicit the support of the community for the future as we have had in the past.

Class! Pay back soon.

We'll see this even if it is two or three inches off!

Hey gang, you are looking the wrong way.

Our secretaries, Mrs. Collins, Mrs. Bennett, Mrs. Grayson, Mrs. Hill, and Miss Cain, are hard at work preparing work for the principal and classes.

I wonder if he's sure from this is the end of the day.

What's the course of action?

No, this board is not perfect, but it will do!

Typing can be such fun, when everyone participates.

Let me look into your dark beautiful brown eyes.

Can you hear Mr. Howard clearly?

Look at Marie Clark, Elizabeth, and Joe Moore at work.

We're listening, Mr. Stovall, even though it seems as if we aren't.

Say! I thought this was a Biology class? A Math? Maybe it's just a group of students.

Now, for the Missouri Compromise.

Let's take up, fellows.

Guess who's on?

Oops! We caught one of them peeping! Naughty, naughty girl.

We all work together and play together.

I don't understand why this is so hard for you to understand. It's only Beethoven's 5th Symphony!

Coach Harbor and his two main quarterbacks, Jerry Corbin and Jesse Pringle, look over the squad with pleasant smiles. (upper left).

The Mighty Wilkersons in action.

It matters not who wins or loses, but how you play the game.

A lot of exercise is the key to a winning team.

Jr. Hi.

Please watch out for the other guy!

This is a basketball, son! Not a hot potato. You'll have to handle this ball like you would an egg.

The best all around,

Help, up, up, up-p-p-p, and away-y-y!

Too hard to exercise with or without your gym outfit.

Good! You're in Control Class!

With Ray Boring, one a mighty warrior, one a mighty dancer.

Artist-in-Residence, Mr. Howard has something to say.
