# CHANEYVILLE DRAGON'S

MRS. AUDREY NABOR JACKSON

Doug Williams  
"Grambling's All American  
Quarterback," Sets  
National records for  
passing yardage and  
touchdown passes.

James Smith  
Defensive End

ve

## Dedication

To Doug Williams, a dedicated athlete, whose performance at Grambling College has made us proud of him. We, the sponsors; Mrs. Mary J. Shanklin, Miss E.B. Huggins and the class of 1978, dedicate this issue of the Dragon to him.

Speechless with ecstasy, all we can say is Congratulation Doug! We realize that it took a lot of hard work and determination to achieve such a record breaking College football career. As you enter your Pro football career, we hope you will "move on up" with greater determination.

Congratulation to James Smith who worked diligently and achieved high recognition for his great performance as defensive line backer.

With nostalgia we shall recall years hence "the house by the side of the road", The Home Economics Department.

## ALMA MATER

Oh! Hail! Dear Chaneyville  
Hail the Gold and Blue  
Hail to all the Dragons that  
Fought so hard and true.

You are the school so dear  
Gallantly you stand  
Hail Dear Old Chaneyville  
The best school in the Land.

Arranged and Composed by:  
J. Broussard

The 1978 Dragon attempts to depict the activities and members of the Chaneyville Family. The yearbook staff hopes that this collection of persons, events, and experiences will roll back the curtains of years as father time marches on and bring back fond memories of 1977-78.

The Dragon Staff is proud of this yearbook and we hope that you enjoy each page of it as much as we have enjoyed preparing it. We also hope that other classes would follow in our footsteps in this endeavor.

A special thanks goes out to all who made this yearbook possible. Hail!, Hail!, Dear Chaneyville.

The Yearbook of 1966

Theme:

"Changing Education To Meet The Demands Of A Changing World"

Mr. William M. Lockhart, Sr. - Principal, B.S. Degree, Southern University, M.A. Degree, University of Nebraska, Further Studies, Louisiana State University. L.E.A. N.E.A. -N.A.S.S.P.

One author has written that all through life we are going through doorways, both actual and figurative. These doorways lead us to new realms of learning and experiences. Often we have to choose our doorways, and sometimes finding certain doors closed to us, we are disappointed. But an old saying tells us that God never closes one door without opening up another better way. It's worth thinking about.

As we wind our way through doorways in the future let us open our Dragon and reflect on some of the good doorways that were open to us in the good ole high school years.

The staff and sponsors, uncomplainingly, worked hard to produce this well organized production and are to be congratulated by the Chaneyville Family.

THERE IS A TREASURE WORTH SEEKING,  
the most precious in all the land.  
There is a treasure that you'll be needing  
if strong and tall you'll stand.  
To find this special treasure  
you need not travel far.  
If you're diligent in searching  
you'll find it where you are.  
One part of the treasure  
is a kind of tool.  
It's the learning skills and knowledge  
you get right here in school.  
The other part is really special  
and comes from up above.  
It's the key to making the hard things easy;  
it's doing things with love.  
Now the secret of the treasure,  
that's worth seeking by you,

Is to put the two together  
in every thing you do.  
The right use of knowledge  
means directing it by love.  
It will make you strong as a tiger  
while acting like a dove.  
And when this becomes your life style  
and part of your every day  
You shall have found that precious treasure  
which is wisdom I say.  
Yes wisdom, much more than knowledge,  
is the treasure for which I pray.  
Its worth is too great to measure,  
its value here to stay.

HAROLD F. MENARD  
1/26/78

Dear Seniors,

This is just the beginning, life is full of perplexities. However, if you are to be a successful and productive citizen in today's society, you must set some realistic goals, have respect for your fellow-man and above all, have respect for yourself.

Don't be a slave to your surroundings. You must have a purpose in life. You must have a dream, you must have faith and courage, and you must have a desire for learning. Learning is one of the most powerful and excellent weapons in the world.

Never let yourself become thoroughly contented. One author has said, "Show me a man thoroughly contented with his life and deeds, and I will show you a miserable failure".

Seniors I wish for each of you enormous success and happiness.

Barbara W. Fisher,  
Assistant Principal for  
Instruction

# IN MEMORIES OF

Sherman Gray, Jr. was a member of the Chaneyville High School Student body For 7 years until the time of his death on April 8, 1977. He was a young man with tremendous athletic ability. Basketball was the sport of his heart.

His Birthday is Dec. 14 and he would have been 13 years old. He is sadly Missed by his family friends and the surrounding community.
