

SENIOR SHADOWS '62

Subjected to twelve years of shaping their lives to conform with the pattern of work set for them and guided by the Commandment of Love, the Seniors take their places as workers according to their chosen vocation.

To the Graduates of
Sacred Heart High School
Lake Charles, Louisiana

My dear Graduates:

With graduation, there is always the well-founded hope that you will take with you an ever-increasing sense of appreciation for your Catholic Faith. Be on your guard against the beginnings of carelessness in the practice of its teachings. Whether in college or on a job, you are expected to be apostles.

May the years spent at Sacred Heart High keep you ever faithful.
God's blessing.

Sincerely yours in our Lord,
M. Schuckmayer

These zealous priests have the same intention that Christ had when He said, "I am come that they may have life, and have it more abundantly."

Penetrated with the spirit of Christ, the Model of Teachers, these priests seek only the glory of God and salvation of souls, and work to realize this end with the most active, ardent zeal, the most tender charity, and the most complete self-abnegation.

ADMINISTRATION

This Governing Body united by the bonds of love one for another, and devoted to youth with its responsibilities, work in imitation of Christ to develop the spiritual, physical, and mental growth of their charges. With patience, devotedness, and a deep interest in the formation of character, the Sisters and teachers mould the pattern of their students after their Model, Christ.

Yearbook Staff

Endeavoring to present an accurate picture account of the year's memorable scholastic, social and athletic events, the staff of our Yearbook, *Senior Shadows*, spent many after school hours toward the production and financing of the book. We hope our efforts will bring many happy memories to our class.

We dedicate our work to our Class Patron, St. Martin de Porres.

A great English poet once said, "Act well your part, there all honor lies." True greatness is every person's birthright, and is within the reach of all who have the desire, the ambition and the energy to work for it. But in what does this true greatness consist? The answer is simple. If we plant and cultivate within our hearts the seeds of Truth, Honor, Unselfishness, Humility and Purity, and if we foster therein only noble thoughts, true and lofty ambitions we shall build for ourselves a force of character that will stand steadfast through all the storms of life and though the opportunity may never come to us for any supreme achievement such as the world calls great, there is true greatness of soul in the one who is faithful to his duty however lowly it may seem, a greatness that all men recognize and it is in precisely this only real greatness which characterizes a truly noble soul.

Our class motto "Semper Fidelis" - "Always Faithful" - does not consist of many words but is freighted with meaning and is synonymous with allegiance, constancy, honesty, loyalty and truth. To whom as a class and as individuals do we owe allegiance? First of all to God, our Loving Creator, Father and Redeemer, and then to those to whom we are bound in affection or honor.

French Class

Ecrivez en français les phrases en faisant les changements necessaires.

Chemistry Class

Was it a bromide salt in that solution? Harvey is endeavoring to prove that it was. He proceeds to add a small quantity of CCl_4 ; then a few drops of Chlorine water. He shakes the tube vigorously. The solution is becoming brownish-red in color and shows a settling at the bottom. Well done!

French Class

Allô! Allô! Comment allez-vous, Edgar?

Ce matin je suis malade. J'ai mal à la gorge et j'ai froid aux pieds. N.B. Our conversations in French should improve with the acquisition of the new tape recorder.

Chemistry Class

Sam Jones gives an informing talk on The Periodic Chart. Periods, Groups and Families. Ever so much knowledge is culled by the Class of '62.

Senior Group
speculating on the
likely winner of
Homemaker of
Tomorrow. The
winner is in their
midst.

Here we see "our venerable and beloved Seniors" putting to a test the knowledge they acquired concerning the essence of fine china and sterling.

These Home Economics students prepare for distinguished guests for dinner. The floor, as well as the chinaware, glassware and sterling, must shine. Manella, Susie, Jackie, Judy and Mamie delight in such work.

Library

The Library is one of the busiest and most important parts of a school. The books give students a chance to supplement their classroom work with independent study and research.

Sr. Marguerita, librarian, recommends a biography to an avid reader.

ADVANCED MATH

Blaise Pascal's triangle is being used to find the coefficients of the expansion of $(a + b)$ to any integral power.

Here Edgar, Rufus, and Julene will expand $(2x - 3y)^5$ which will be:

$$32x^5 - 240x^4y + 720x^3y^2 - 1080x^2y^3 + 810xy^4 - 243y^5.$$

FIRST-AID CLASS

There were casualties among the Seniors the day the Juniors were tested on their ability to apply bandages.

Julene, Willa Dean, Mamie, and Susie heartily approve of the job.

THE ROSARY

There is one harp that
Any hand can play,
And from its strings
what harmonies arise?
There is one song that
any mouth can say
A song that lingers
when all singing dies
When on their beads our
Mother's children pray,
Immortal music charms
the grateful skies.
