

SABINE HIGH SCHOOL

BLUE WAVE

The Senior Class of
THE SABINE PARISH TRAINING SCHOOL

Presents

The 1952
PINE BURR

Foreword

Between the covers of this book, the pages represent years of enduring faith and courage. We hope to represent the golden harvest of humanity through our school.

As you turn the pages of this book, we hope that you will find an intangible happiness that can never be recalled. The ultimate purpose of this book is to insure and preserve the happiness and journey of school life.

Dedication

MR. T. A. MAXIE

To our faithful Principal, Mr. T. A. Maxie, who in the spirit of service and devotion has so unselfishly given the past 14 years or more of his life to the students of Sabine Parish Training School, with sincere affection, pride and gratitude, we the members of the Senior Class of 1952, dedicate our annual, The Pine Burr, so that Mr. Maxie's appreciative work shall be remembered for perpetuity by each Sabinian.

T. A. MAXIE . . . ED.M.

GRADUATES AND STUDENTS . . . Greetings and Congratulations
LOOKING AHEAD

You who graduate today are being equipped to play your full part in the challenging work which lies before us; for when you leave this school, you WILL TAKE WITH you the best of training, and the best of culture that lies within our power to offer you.

You have seen and known community life. You have known the friendship and guidance of wise and helpful teachers.

You have learned many of the primary lessons of life, not only those that are written in the books for all men to see, but those other lessons which come only to those who labor with their hands.

Here your welfare and development have always been uppermost in the minds of those who were around you.

You have been taught respect and social responsibility. You have learned the honor and humility of honest toil—a task well done. Each of you has been reared in the religious teachings of your parents. You have learned reverence toward and sincerity in the works and teachings of Almighty God.

You are being equipped to go forward and make your contribution to society and the world.

Many there are who will tell you that the way is harsh and inhospitable. Many there are who will tell you that the doors to opportunity and progress are closed. Many there are who will tell you that honest work brings with it no reward. They are the dissenters; they are the shiftless; they are the wreckers.

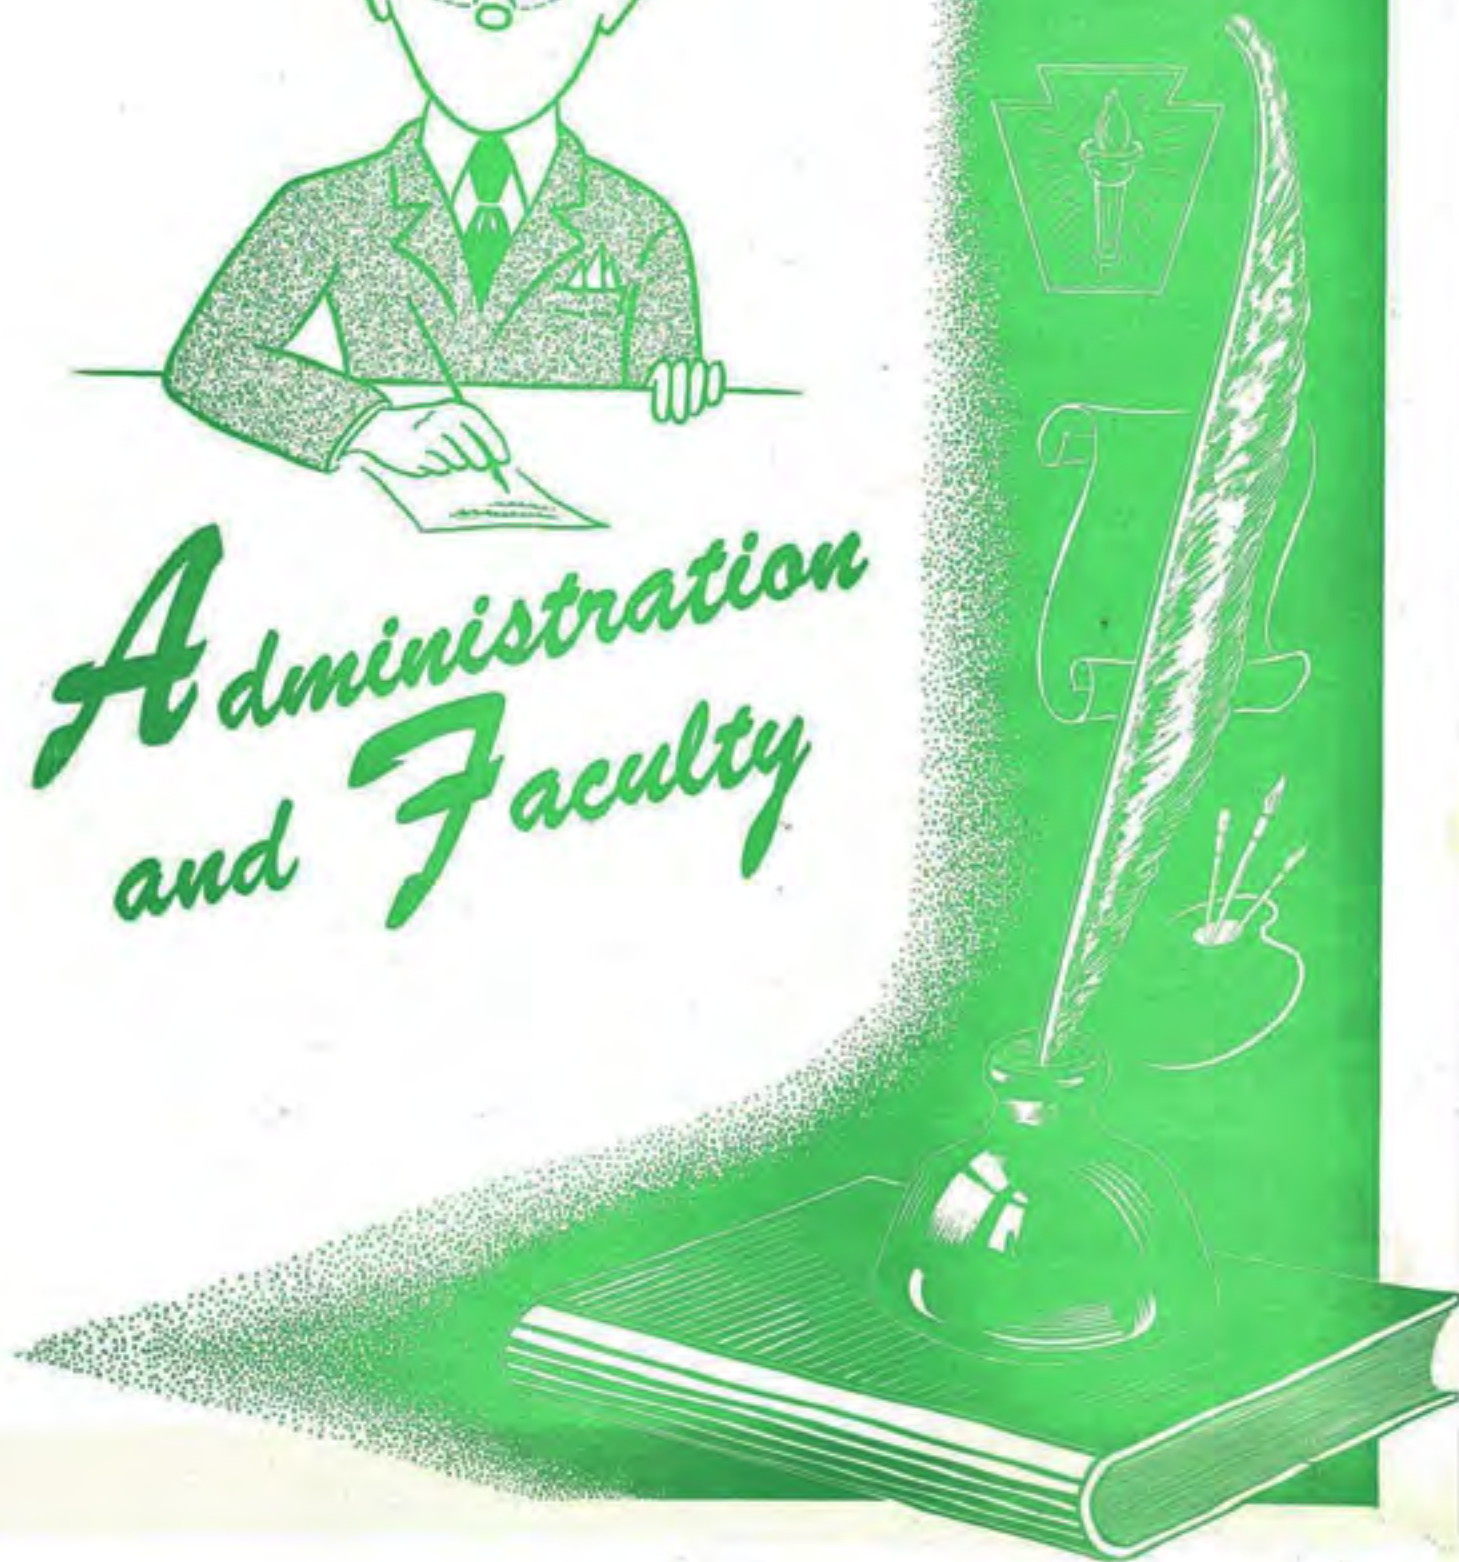

You are a part of a new American generation. You were born and reared in a free society. The freedom you have is yours to destroy or strengthen as you see fit. I cannot say how you might live. I can only say that if you live in accordance with the principles of God and Americanism your freedom will remain steadfast.

The dynamic moments of history always open up new frontiers of opportunity. Such moments belong to youth, to resourceful and creative youth. For you, therefore, for the pull, and in the America beyond the horizon, I am an unwavering optimist. The forward march has been sounded and you advance to the drumbeats of war, but the light of the future shines in your eyes. God speed you to your great work; and as you move forward in this progressing civilization, we urge you to continue LOOKING AHEAD.

—T. A. MAXIE, Principal.

Activities

Band

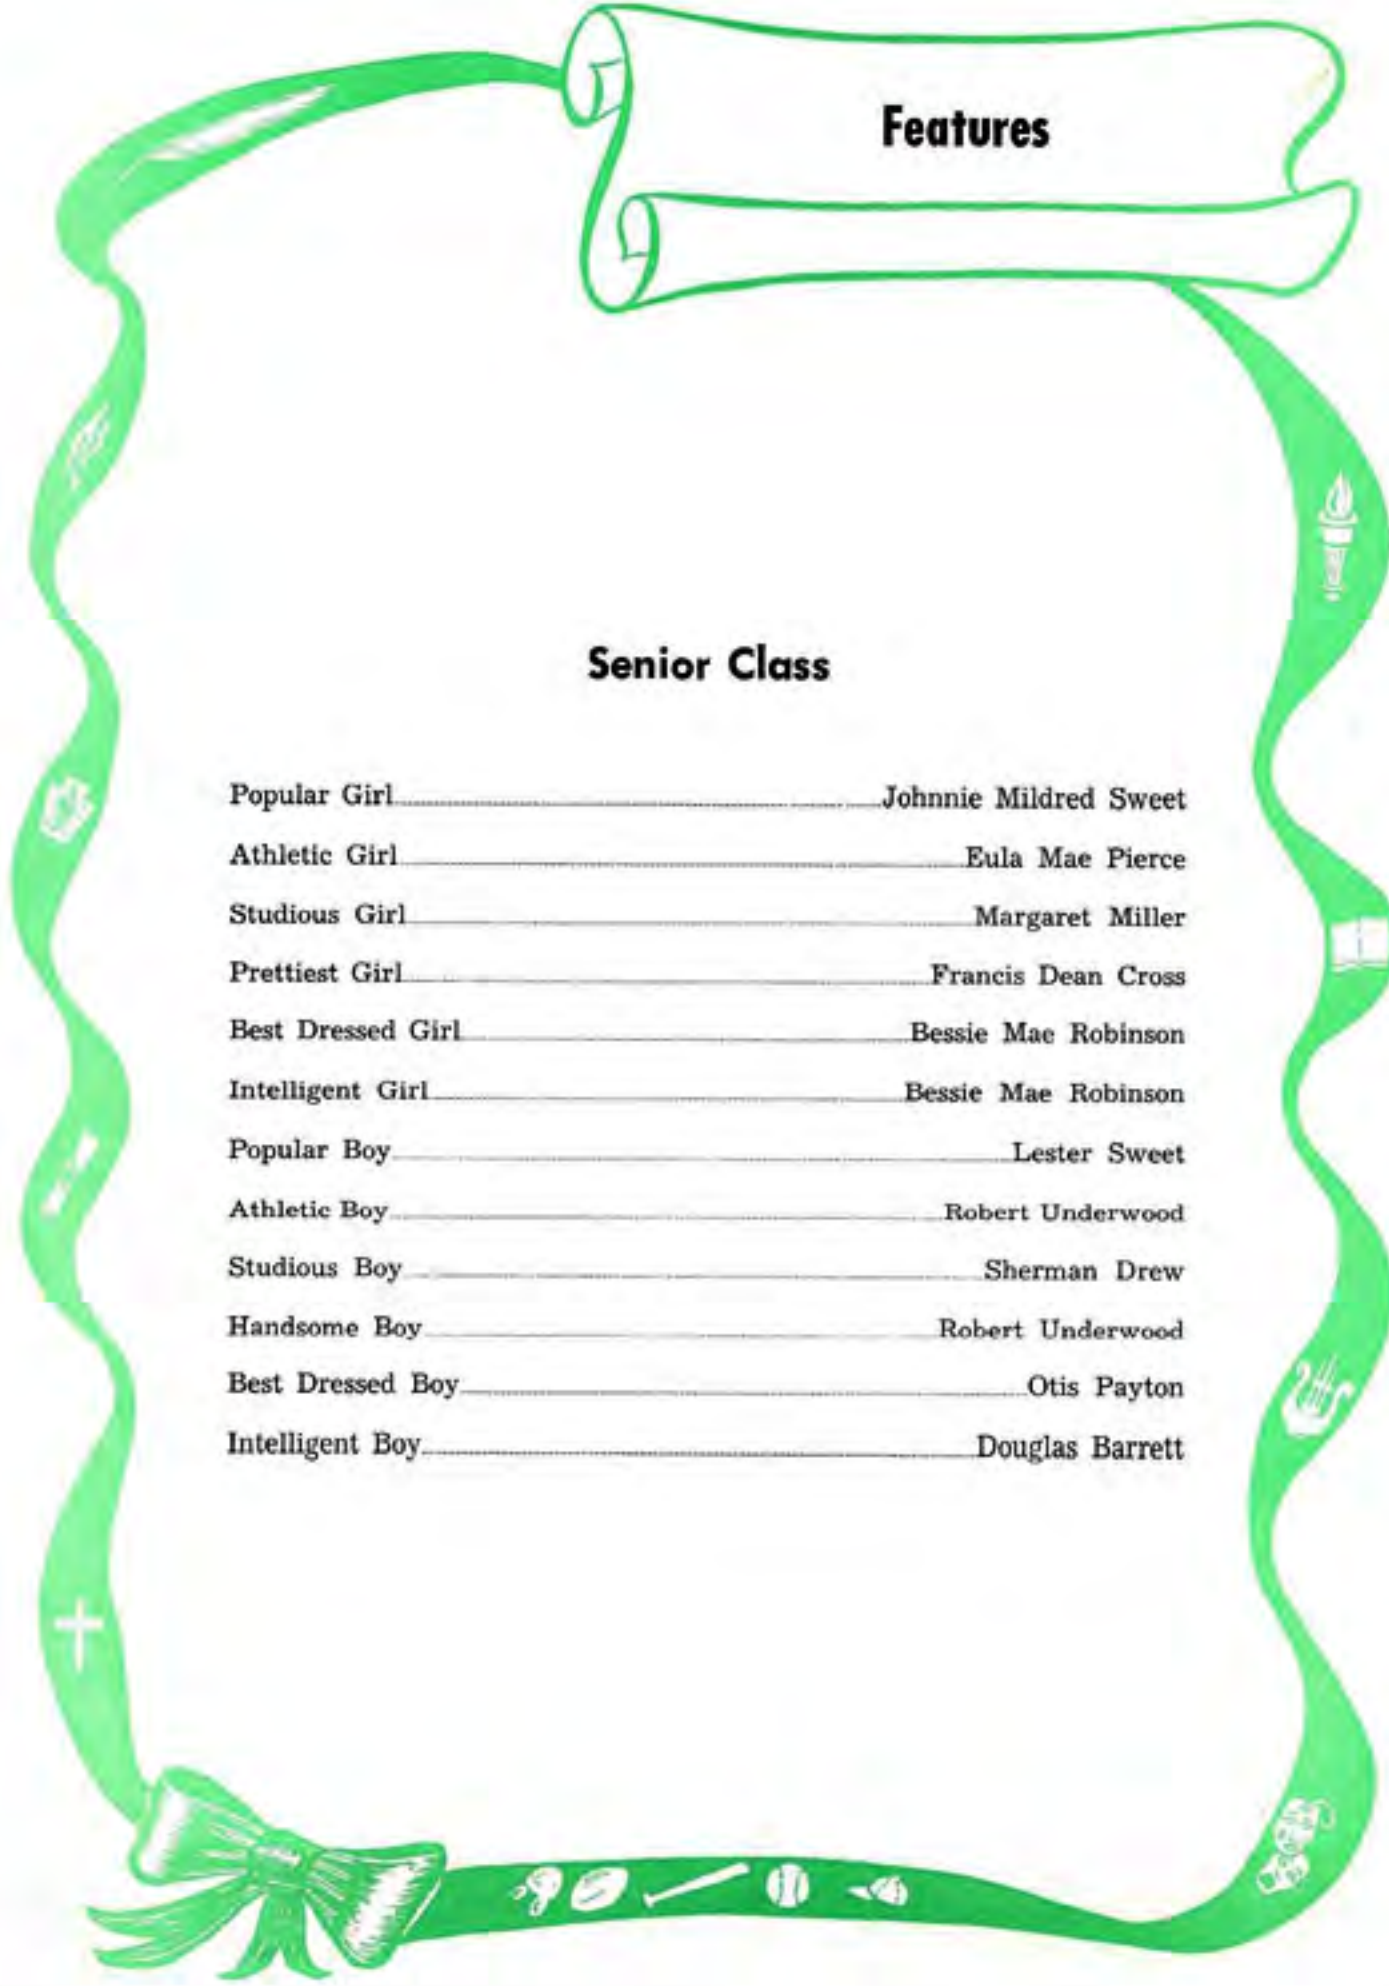

Among the many activities sponsored by the P.T.A. during the current school year, one accomplishment is outstanding—the acquiring of the Band. Under the direction of an efficient conductor, many pupils are able to receive the fine benefits which are derived from the study of music.

The Band made its first public appearance during Commencement exercises.
