Foreword

For its sixteenth annual the Staff of Wa-lo-Co chose "Love" for a theme. We have tried with the 1969 yearbook to reveal in our coverage the many aspects of love and its effect upon the present and future of Cohen's student body.

It is our sincere hope that this book will be a source of enjoyment and pleasure to you.

Treva Lynn Norman

Editor-in-Chief

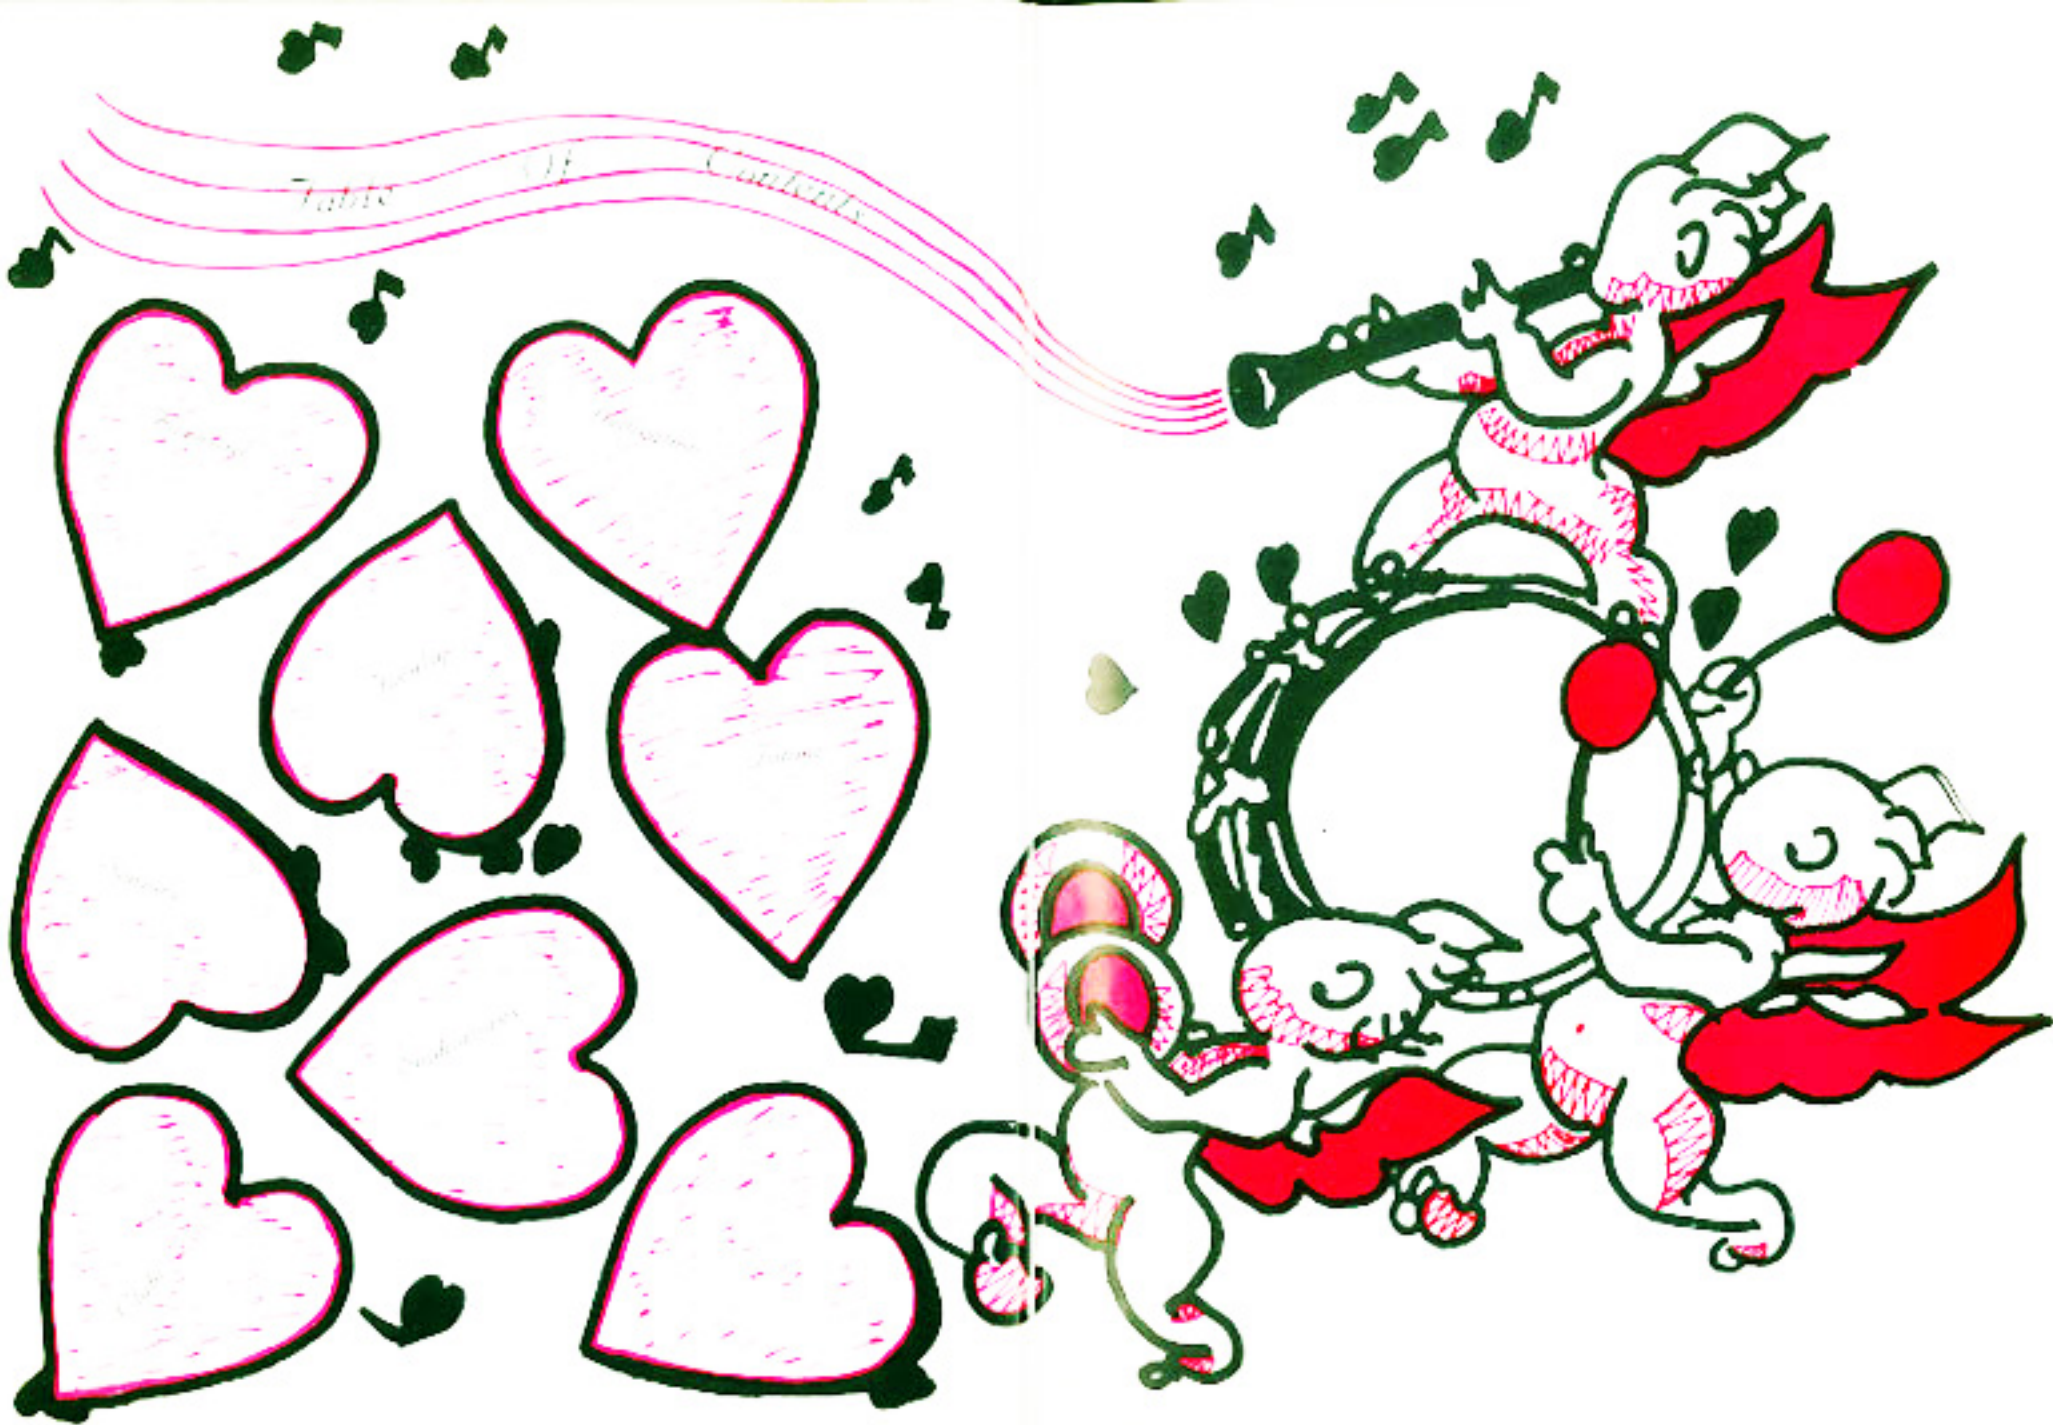

It is an honor to have had an opportunity to be the Editor-in-Chief of Cohen's yearbook. I can assure you it was not an easy task, but I loved every moment of the anxieties, disappointments, frustrations, qualifications, deadlines and sleepless nights. It truly was a labor of love.

The staff selected L-O-V-E as its theme and I sincerely believe it was a good choice since love has so many facets. Love is interpreted in many ways and we are depicting here in our annual the loves which are most important to us.

Tinkles Anna, my Chihuahua, loves me and I adore her. I trust that she represents for you the many precious pets which have become a part of our families and our way of life. Love of animals is very important because sometimes they represent our first real attachment to something of our own.

Read and look through the pages of your WA-LO-GO and search in your own way for the signs of love that you see. We trust that it will be a pleasant experience.

Thus, we present to you our 1969 yearbook and our entire staff says "WE WANT YOU LOVE."

Dedication (1969)

The Staff, Students, and Principal are glad to note that the Wa-Lu-Co 1969 is dedicated to two members of our staff. These two men are Mr. William Emerson Clark and Mr. Charles Clayton Coffey, almost diverse in personality, yet, both, good teachers, and held in high esteem by the entire Cohen Family.

Mr. Clark was born in Miami Florida, and went through high school in Miami. His family then moved to New York state, from where he went to St. Augustine's College, Raleigh, North Carolina, where he obtained his B.S. degree with major in math and science, in 1953.

After graduation, Mr. Clark was called to teach at Gaudet School, New Orleans, where he served as a teacher and finally as principal until the school closed in 1964. During the period in which Mr. Clark was at Gaudet it flourished and carried on a program which was recognized as one of the highest order.

From Gaudet, Mr. Clark came to Cohen and has been with us since that time. He is truly a part of Cohen in every way. His wife, the late Valda Brewster Clark, served until her death with our school as clerk-recording and no student or staff member who knew her could forget her charming manner and helpful ways and evening dispositions.

Mr. Clark's two children came to Cohen and finished here. The elder, William E. Clark, Jr., is now Medical Librarian at Methodist Hospital, Brooklyn, N.Y.; and the younger, Deryl, is a senior at Dillard University preparing for a graduate degree in Sociology.

Mr. Clark is a Churchman of long standing and is a member of many professional organizations.

Mr. Charles C. Coffey was born in Montgomery, Alabama, and received his education through high school in Chattanooga, Tennessee. He attended Morrisown Jr. College, where he excelled in football serving as co-captain and winning all conference honors at the guard position on the team. While at Morrisown, he served as president of the drama guild, in which he was most active.

Later Mr. Coffey, after having served an honorable term in the Armed Forces, attended Southern University, from which he received a B.S. Degree in Business Education in May, 1953.

Mr. Coffey then came to Cohen High and has done a most effective job in the Business Education Department, serving now as coordinator of co-operative Office Education.

Mr. Coffey is a Mason, having served as Master of his lodge; he is a member of Phi Beta Sigma Fraternity, having served as graduate chapter president; and he held many offices in his church. He is active in many professional organizations and is a member of the Advisory Council for Business Education for Orleans Parish Schools.

We salute these honorable men and thank them for the influence which they have had on the students whom they have taught and the staff members with whom they have been associated. We hope that they will continue maintaining such high standards in their work, and such understanding in their relationships, that all who work with them and know them will feel as we do: and in the parade of life, - those on the sidelines, when these two go by, will say: "There go two good men and true."

Mr. Perry's Message To The Seniors

To any of us who have reached "Jack Benny's 30 years" there are some songs that we always remember and which will bring happiness to us. Few of us do not thrill to "I Love You Truly" or "The End of a Perfect Day." Each of these songs has something about it which makes it memorable and appealing for any age.

During the past decade, we have seen many songs rise, like comets, glow brightly and briefly, and disappear from memory; but now, we feel, destined to be remembered for a long time to come are: "What the World Needs Now Is Love, Sweet Love" and "People." As the center of their thought, these songs have the idea that needing of others, that helping others, that living for others, and wanting to be with others are some of the most important emotions and feelings that people might have.

So it is that this year the theme of our yearbook is L-O-V-E. A timely theme it is, too, because the world stands in great need of love. As a part of our yearbook we are honoring a family, - a mother, a father, and ten sons, - which is setting a pattern of what devotion, respect, guidance, and caring for one another can do for a family, and in turn the community, and the world. We hope that by honoring this family, we will inspire others to follow in its example.

There is a saying that peace begins with oneself, and from oneself it spreads to the family, and from the family to a community, and from the community to the world.

The men to whom our yearbook is dedicated are men with families. In their families are children. What these children will become will depend - as has depended - upon the love that has been shared in the family. We wish for their children the ability to help make a peaceful world by spreading the qualities of brotherly love throughout their lives.

We congratulate the staff of the yearbook for recognizing that success in life and contributions to history are not necessarily based on material gains or the power of brute strength or superiority in the arms of war but some of the greatest personalities are remembered because they gave of themselves and as St. Francis of Assisi so well said it:

Where there was hatred - they sowed love
Where there was injury - pardon
Where there was doubt - faith
Where there was despair - hope
Where there was darkness - light
Where there was sadness - joy.

I salute each of you and wish you well!

Superintendent Of Orleans Parish Schools

Dr. Carl J. Dolce

Dr. Carl J. Dolce, is a native of New Orleans. He received his elementary and secondary education in the schools of the city and then institutionalized at Tulane University, where he was graduated with the bachelor's degree. He then attended Loyola University, from which he received the Master's degree. He then went to Harvard University, where he worked on a special project in higher education and was awarded the doctorate in education.

Dr. Dolce has a varied experience in teaching, since he has served as an elementary teacher, a secondary teacher, a junior high school principal, and as supervisor of textbooks for Orleans Parish Schools. The high point of his career as an educator was reached when he was selected as the Superintendent of Orleans Parish Schools - the youngest superintendent in the history of the system.

The students and staff at Coton have felt especially close to Dr. Dolce, because he has exemplified a sincere interest in our work and our future. We regret he is leaving us before our new facilities have been constructed but we want him to know that - we feel that we have been made better as a school because of his interest and that we will always uphold the standards which he sought for all of our schools.

All Of Our Love*

A SUCCESSFUL TEACHER NEEDS

The education of a college president,
The executive ability of a financier,
The humility of a deacon,
The adaptability of a chameleon,
The hope of an optimist,
The Courage of a hero,
The wisdom of a serpent,
The gentleness of a dove,
The patience of Job,
The grace of God, and
The persistence of the devil.

The seniors of the 1969 Class are happy to thank their teachers.
We love you very much even though it is hard for you to believe.
We thank you for everything and we shall never forget the wonderful things you have done for us.

Remember: WE LOVE YOU A BUSHEL AND A PECK ...

The world in which we live is one of dynamic change. Who can say whether or not in 1960 there will be inhabitants on the moon? Experiments, some with a considerable degree of success, with heart transplants, development of enzymes, all prove that civilization is moving at a rapid pace. Ask yourself: What do I have to offer? How can I best meet the task of surviving in a nuclear age? The theory "survival of the fittest" is very much an expedient factor in our everyday lives.

As high school graduates you have begun a long task of preparing for life's experiences. Now you will meet challenges which you have never encountered before. Your success in life depends upon your mental and spiritual stability, an unflinching will, and a quest for knowledge which will afford inexhaustible success in meeting the challenges of today.

We must search within as well as without for a source of strength. Our limitations often pave the way for opportunity to do its greatest work. What we want to know in many instances is already known, where we want to go someone has been. There is no need to panic, ask people.

My dear Ones,

I bid you farewell. For three years I have constantly accompanied you hopefully on the road to success.

Now the time has come that we've longed for; the time when you begin taking the bigger steps in life. It is said that success waits for all who are in search of it and are sincere in their searching.

You shall soon begin your search. Be prepared for the world owes you a living only when you have earned it.

Longfellow in one of his poems has expressed a fundamental truth which may be borne in mind by everyone of us.

"THE HEIGHTS OF GREAT MEN REACHED AND KEPT
WERE NOT ATTAINED BY SUDDEN FLIGHT;
BUT THEY WHILE THEIR COMPANIONS SLEPT
WERE TOILING UPWARD IN THE NIGHT."

If each one of us works hard and not idle, in whatever capacity we may be, our entire life can be enriched and enriched so much for our own happiness and for the happiness of all we love.

The termination of high school is the first rung up the ladder of educational success. The many opportunities afforded youth of today make it possible for you to attain goals that once seemed impossible. Set your goals high, do better than best, and prove yourself a useful citizen in a world of challenges.

Remember, what you are speaks louder than what you say you are. Good luck!
