

Buccaneer '70

*L. B. LANDRY
HIGH SCHOOL*

19 BUCCANEER 70

*NEW ORLEANS
LOUISIANA*

Introduction

The 1970 Buccaneer has been designed to portray in words and pictures our time at Landry this year.

The staff has endeavored to present to you a collection of events and experiences which will be important memories in the years to come.

You will find pictures of hard work, play and excitement, success and even failure, but after all it is a combination of these events which have made up our year.

*Dr. Alvin J. Aubry
Principal
Of
L. B. Landry Jr.-Sr. High School
From
1959 — 1970*

PRINCIPAL'S MESSAGE

In this message to you, the principal wants to express his appreciation to members of the Yearbook Staff and to all other individuals who have contributed so much to the success of this publication. It is through an activity of this kind that a school can achieve its responsibility, through its varied educational program, to present to boys and girls, teachers, parents, and other members of the community those alien activities which tend to help its campus citizens to lead happy lives.

This Yearbook is designed to present to its viewers a wholesome image of the educational, cultural, social, and athletic activities of the Landry School. If there are omissions in it, they were not intentional. The goal was to give proper attention to growth accomplishments and experiences of students by presenting their rich, exciting, and impressive records of various disciplines and groups which should enable students to achieve a sense of identity as well as a feeling of worthiness and dignity so essential to learning. This Yearbook attempts to provide to its readers motivations for learning and to foster ways to improve their self image, dignity, and pride. In truth, it offers a challenge to widen the background and experiences of students so that they may involve themselves in the broader and more important task of developing, strengthening, and fulfilling their educational and cultural needs.
