Dear Patrons and School Officials:

We will conduct the final activities for the 1951-52 school year on June 6. The entire staff of Lowery High School is grateful for the fine support and cooperation you have given in making this a successful school year. We are anxious to keep a very close relationship between our patrons and teachers in order to assure the right type of community living for our children.

Our graduating Class consists of seven boys and thirteen girls. A large percentage of this class plans to continue their education.

We are happy to report that satisfactory progress is being made on the new school building. The Parish School Board is putting forth every effort to have the new plant completed by September 1, 1952. The new plant will consist of fourteen classrooms and a gymnasium, which should serve as a challenge to all of us.

We are grateful to patrons and citizens who have made the physical expansion of our school possible. We consider it a forward step in community living.

Very truly yours,
E. C. LAND, Principal, & Staff
