ROSARITE

Volume IX

## Foreword

We have chosen as the theme of our 1965 Rosarite The Key. A Key is a simple ordinary object, practical and useful. There are many keys that open doors upon many roads. Ours, however is a special key. It is the key that closes the doors upon ignorance and opens the door upon enlightenment. Our faculty possess this key which has opened to us the doors to learning and straight thinking. The world will give most of us the badge of "Average Joes" while perhaps a few are destined to greatness. It is not for us as newcomers to judge. Certainly many talents have been displayed by the class of '65 which with luck and diligence, will give them the key to the stars. All, we hope, will find the key to that kind of opportunity which will lead to worthwhile pursuits and serviceable lines. We feel our school has provided The Key. It is up to us to use it wisely.

## Dedication

When we, the seniors of Holy Rosary Institute began our voyage across the sea of knowledge, little did we realize how greatly our lives were to be affected by the ship's new crew. Our lives and opinions have been tremendously influenced by this stalwart band. Our problems have been their problems; our hopes and ambitions theirs. To show our gratitude for the many times they have helped us over the waves, have inspired and led us, we THE ROSARITE STAFF most respectfully dedicate this edition of the 1965 Rosarite to all

## The People Who Made This Annual Possible

TOP ROW: Geneva Mercier, Michael Conant, Lee Ethel Dupont  
MIDDLE ROW: Gwendolyn Jones, Lloyd Wallace, Taletha Henderson  
BOTTOM ROW: Joycelyn Menard, Ronald Bradford, Mary Ann Breaux

We the Rosarite Staff proudly announce our 1965 yearbook. We hope that you will appreciate the time and efforts that we have put into it. As you glance through it, we hope it brings back pleasant thoughts and enjoyable activities at dear ole H.R.I.

*Rev. William Oliver - SVD - Director*

"WE LIVE IN A WORLD OF REALITY, NOT A WORLD OF MAKE-BELIEVE, AND SOONER OR LATER, WHETHER WE LIKE IT OR NOT, WE MUST FACE FACTS AS THEY ARE AND NOT, AFTER THE MANNER OF THE OSTRICH, THAT SEEKS TO HIDE FROM REALITY BY STICKING ITS HEAD IN THE SAND, REFUSE TO ADMIT THAT THEY ARE THERE.

"THE ABILITY TO FACE FACTS, TO EVALUATE THEM, AND TO MAKE CHOICES, AND TO BRING ONE'S LIFE INTO A SATISFACTORY RELATIONSHIP WITH THEM INDICATES THAT MATURITY OF MIND THAT IS ESSENTIAL FOR SUCCESS AND HAPPINESS."

THESE WORDS TAKEN FROM THE PEN OF MONSIGNOR NICHOLAS H. WEGNER SAYS ALL THAT I COULD SAY AND MORE. TREASURE THEM AS A MOTTO FOR YOUR LIFE. AND WHEN THE REALITIES BECOME DIFFICULT FACE UP TO THEM SQUARELY AND YOU WILL SEE THE GREATEST OF ALL REALITIES, OUR DEPENDENCE UPON GOD.

GOD BLESS YOU

## A Salute to Our Partners

The task of using the right KEYS has become so complex that it requires the ingenuity of many specialists to complete this task successfully. The Divine Architect has drawn the major lines for the intellectual and spiritual edifices which we are attempting to open.

TO YOU, MEMBERS OF THE FACULTY, belongs the title of SENIOR PARTNERS, in the educational construction firm to which our parents have entrusted us. Your work well done has made ours, the JUNIOR PARTNERS, a pleasant and enriching accomplishment. May the LOCKS which you have so generously made available be eclipsed only by the more notable beneficiaries, your strong and faithful sons and daughters of HOLY ROSARY INSTITUTE.

MAY WE, THE SENIORS OF HOLY ROSARY INSTITUTE, ALWAYS BE

TRUE ROSARITES

## Religion

We are indeed privileged, this year in having our priest take over the senior RELIGION classes. Many thanks to you Fr. Oliver and to you Fr. O'Leary, for the long hours you generously added to an already heavy schedule.

## English

Those serious faces? Are they evoked by the paper in Sisters' hand? The Juniors seem to be in a serious mood during this English class with Sr. Marie Benedict.

## American History

American History students listen as Fr. Oliver gives them high points on the CIVIL WAR.

## Latin

Deborah seems to be stuck on the 3rd person. Miss Jamieson doesn't seem too worried however that she will come up with the right answer.

## Typing

Cancel other periods, once in a while, but don't ever dare to do away with typing or these Juniors will rise in revolt. They're good typists, too.

## General Math

Your turn at the board. You are on your own. Sister is watching. (Smile)

## Chemistry

Weighting, measuring, mixing and filtering and the subsequent production of new substances make the "magic" of chemistry live for these interested chemistry students.

## Spanish

Mark Le Blanc and Leotha Julien take their turn at the board to complete an assignment in the Spanish Class.

## Algebra I

With such industrious students, Algebra is fun. We heard Sr. Sheila Marie say that the Algebra period was one of the nicest hours of the day for her.

## World History

How eagerly the world history pupils welcome current events day. Alfonso Crump scored fifth in the TIMES CURRENT EVENT TEST. Daily discussions in current events make this subject very interesting.

## Trigonometry

Fortunate indeed is the teacher who can command such perfect attention from his students. Mr. Marcel Pratt has done just that.

## Advanced Math

Mr. Pratt and Cynthia prove that Advanced Math is interesting BUT hard. As one student said, "Its fun after you get to know how to do it."

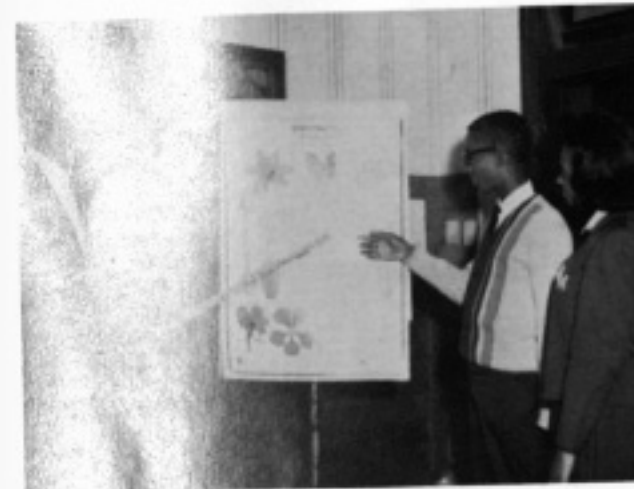

## Civics

The November election was organized and a special day set aside for students to vote. The civic classes are to be congratulated for a very fine job done. Sr. Canisius has charge of the classes.

## Biology

Mr. John Broussard points to the chart as John Thomas and Carolyn Jones look on.

## Spanish

Fr. O'Leary seems to be enjoying this Spanish II class. The students seem to be enjoying it also.

## Speech

Johnny Matthews is giving his views on "SCHOOL DROP-OUTS". This two-minute speech was an assignment given by Mr. Sonnier the Speech instructor.

## Drawing IV

While the girls are taking cooking and sewing, the boys study the principles of mechanical drawing. Future architects in the making examine under the direction of Brother Stillfried work on a building project.

## Copper Drawing II

Students who wish to take Cooper enameling, ceramics, and mosaic are under the supervision of Sr. Mary Dolorita.

## Wood Work II

In the Shop the boys learn to make tables, trays, racks, what-not shelves and many other useful home articles. Brother Stillfried is in charge of this department.

## Drawing III

The Juniors are working on a special project. There are several Seniors in this class also.

## General Science

The mystery of science becomes a little less mysterious to this general science class under the direction of Miss Mable Francis.

## Home Economics

Future Housewives of Tomorrow under the guidance of Miss Majorie learn the odds and ends of homemaking.

## Singing - Music

Vocal music is a daily part of the program. Students may join the BOYS' CHORUS or THE GIRLS CHORUS and in turn become members of the MIXED CHORUS. Under the direction of Sr. M. Cornelia the students strike out a merry tune.

## English I

Mrs. Helen Harold goes through the TENSES with her Freshman R 13. Recently this group held a Debate and astonished the Upper-classmen of their already acquired ability to present their views. We look forward to many more from this group.

MIXED CHORUS

## Soloists - Quartet - Trio

H.R.I.

Superior ratings were gained by this group at the Diocesan Music Festival on Sat., Feb. 13, 1965, which was held this year at Fatima High School in Lafayette. The group includes Francis Lewis, Lloyd Wallace, Michael Shay, and Lane Pratt - Quartet members.

Lloyd and Michael also had solos. The trio includes Cyrile Walwyn, Linda Bernard, and Barbara Landor (ill when picture was taken). Soloists were Taletha Henderson, and Henri Frances Walker. Valerie Wiltz - Accompanist.

MR. AND MISS JUNIOR
