Foreword

It has been said that one opens a good book with anticipation and closes it with profit. The basic idea in planning the EAGLE has been the creation of a book that will meet these requirements.

As we glance through the pages of this annual:

We see young eager faces trying to find out what education is all about and what they want to do with their lives.

We see teachers who feel that it is important to know about the past, the present, and future.

We see girls forgetting everything but their dates for the prom; and we see boys acting their best in their formal coats.

We see football, baseball, and basketball games, where sometimes we come home happy and sometimes sad.

We see our organizations where students think it is worth while to devote time to a common goal.

We like what we see, so we invite you to look through the pages of the EAGLE too. We think you'll like what you see.

The staff hopes you will begin reading the history of this year with a great deal of anticipation. When you close the book, it is hoped that you will have reaped a profit of renewed memories of the old Green and Gold.

Dedication

Words cannot express the respect and gratitude of everyone, past and present, toward the man who has served for several years as president of our P T A.

Because he has worked for us, because he has given generously of his time and wisdom—words are a poor substitute with which to express our sincere respect, appreciation, and admiration for Mr. Guidry.

We respect him and look to him for advice and help. He is never too busy to help the school in any way that he can.

In appreciation for such devoted service we proudly dedicate the 1967 EAGLE to Mr. Morris Guidry.

Mr. Morris Guidry,

President, ADAM CARLSON'S P T A

Newman

Braud Sr.
Principal

Greetings!

Each year I am extremely gratified with the growth and development of "The Eagle"--the professionalism of the final product cannot just be taken for granted--a behind the scene peak would reveal frustrations, anxieties, disappointments, and long, arduous hours of work for the herculean task of collecting, organizing, and assembling the panorama of our Alma Mater for the year.

To know the complete story behind the publication of an annual is to sympathize with those whose responsibility it is to see it to its glorious end. It is with these views that I extend to the sponsors and staff of "The Eagle" heartfelt congratulations for another job better than "well done." May each of you find some degree of consolation and satisfaction in the knowledge that through your efforts you have again contributed to the graphic history of Adam Carlson High School and that you have made it possible for all of us to share our joys of today with posterity.

In the words of a great philosopher of yore, "It will be pleasant to remember these things one day."

"I can't decide what I want to be," is a familiar cry Mrs. Verdell Ventroy hears every day. Mrs. Ventroy, a graduate of Southern University, devotes most of her time assisting students in solving their educational, vocational, and social problems. She also aids them in their overall adjustment to school life.
