The Tiger '68

Jasper Henderson Elementary & High School

PRINCIPAL'S MESSAGE

To: The Members of the Class of 1968

Up to the present your life has been spent in preparation for living and for making a living. For these years you have been dependent upon others—your parents, your spiritual guides, your teachers, and all of those who have directly and indirectly helped to make your education and growth possible.

For some of you the preparatory phase of life is over. For others, it will come to an end in another few years. I believe that we at the Jasper Henderson High School, have given you some of the things you will need to meet the challenges of change. I am confident, notwithstanding the hardships and strains you are sure to face, that you will know how to make the most of your opportunities and of your life. One of the greatest opportunities you will have is to help others as you have been helped.

Your school will need your support so that others may have the same preparation for life that you have had here.

Like all other Americans we simply ask for equality of opportunity: equal opportunity for employment; equal opportunity for educational advancement; equal opportunity for life, liberty, and the pursuit of happiness. This, simply is what we ask. This nation, under God, cannot afford to give less.
