Foreword

For its fifteenth annual the staff of WA-LO-CO chose "Cohen Goes Mod" for a theme. We have tried to show in our coverage that change is inevitable and that change we must if we are to progress.

Our 1968 students are going to have a chance to see how our Cohenites through the years looked. Don't be too quick to smile, for fifteen years hence history may repeat itself.

It is our sincere hope that this book will be a source of pleasure to you.

Editorial

*Wanda E. Brooks
Editor-In-Chief Of
Wa-Lo-Co*

The theme of our fifteenth annual, WA-LO-CO, is "COHEN GOES MOD". With this theme in mind we have gathered the fashion trends and colors of the psychedelic world. The best examples of this are simulated in our Table of Contents, Eight-Page Montage, and the Fold-Out Page which has become a Cohen trademark.

During these three years at Cohen the fashions have changed from medium length to short short or mini. We have brought back the hemlines from fifteen years to show how they have changed. We as Cohenites have changed also for the future which we hope will be a bright one.

We are honored to have the support and co-operation of our alumni. We trust that they will continue to give us the help which we need so very much. We wish to thank them for making their debut in our 1968 production and going "Mod" with us. We love our yearbook and hope that each year you share our expectation for improvement.

As Editor-In-Chief I am proud to present our 1968 yearbook "COHEN GOES MOD" and I sincerely hope that you will enjoy it.

Dedication

Mrs. Thelma Dorest Barton

Mrs. Thelma Dorest Barton

It was in the stars that Thelma Dorest Barton was to be a good teacher and person who would make her mark in the community where she was to be called to serve.

Mrs. Barton by birth came into a family of talented and highly trained people; and inherited from her parents talents which have counted so much for her great success in her chosen profession.

At a very young age Mrs. Barton began her teaching career in Bogalusa, Louisiana, where she had an enviable success in community work as well as in her teaching. She came to New Orleans and worked for many years at Gaudet Normal School. Her loyalty to the school and the excellence of her work have become traditions to all who attended Gaudet and associated with her.

At the closing of Gaudet Normal, Mrs. Barton was appointed to McDonogh #58 School, from which she came to Cohen High School. Since being here, she has done much to endear her to the students and staff. She has opened new vistas for our students in the study of Mathematics, establishing a most active chapter of the National Mathematics Clubs. She has worked with our guidance groups, and has served as chairman of the Mathematics Department.

Mrs. Barton continues to improve herself in order that she might give more to our school and to its students. From early elementary school through graduate school her work has been characterized by academic excellence.

One word can best describe Mrs. Barton, . . . and that is teacher; but we say "master teacher". We honor her and wish her every happiness in the years to come; and we commend her for her great service to the community in her church work, her work with civic organizations, her work in cultural groups, and her work in educational circles.

The students and faculty are happy to dedicate our 1968 WA-LO-CO to a fine teacher, and a most loyal friend.

The Principal's Message

*Mr. Robert N. Perry, Jr.
Principal
Walter E. Cohen Sr. High*

A few days ago I was talking with a young man who had returned from two years' service on the war front. I asked him what he felt about those two years. Were they profitable? wanted? or what?

In telling me what he thought, he stated that when he first entered the Army he was confused, discouraged and filled with an uncertainty of what was happening in the world about him,--uncertainty of the future, and uncertainty of his own part in the general scheme. It was not long, he continued, before he began to receive from all the death, destruction, and desolation of the battlefield a certain strength and belief that even in this horrible situation there was something from which he could gain stability and firmness of purpose. In the quiet, tense hours of waiting there came moments of reflection,--moments when he began to know himself better; and, as he said, he began to realize that the sacrifices which he was making and the hardships which he was undergoing was a part of a plan to assist him in becoming a better person.

Students in school, oftentimes make sacrifices. They often meet with failures, they often yield to temptation, and they often create problems for themselves and others; but if they realize that these are but a part of their developing into a wholesome and helpful personality, all this sacrifice is worthwhile.

The important thing is to set as your goal the creation of a person of whom it can be said: "He made flowers grow where there had been only weeds before, made the rough way smooth for those who followed, and put a song into the hearts of those who were sad."

Sincerely,

Robert N. Perry, Jr.

Our Artist In The Right Mood . . .

MR. ENOCH CARRIERE

A Note Of Thanks

The Staff of WA-LO-CO wishes to thank Mr. Carriere for his help. His art work has enhanced the beauty of our book for several years. Everyone remembers the Signs of the Zodiac - 1966, The Kaleidoscope - 1967, and our Cohen Goes Mod - 1968. If we need his ideas, he is ready to help us (if we catch him in the right mood). This the staff has learned to do and as a result our book becomes more and more artistic. Thank you again, Mr. Carriere.

Sincerely,

The Staff of WA-LO-CO

In Memoriam

MRS. MARGOT COHEN FARRELL

Margot Cohen Farrell was the daughter of the Honorable Walter Louis Cohen, for whom our school was named. Mrs. Farrell was the first president of the Parent-Teacher Association of our school and never lost her allegiance or slackened her interest in our welfare. She was a prominent civic worker and an insurance executive of no mean ability.

One of her greatest attributes was that of making friends; and she counted these in the thousands. Her life is an inspiration to all who knew her; and we shall be ever grateful for her contribution to our school, its staff, and its students.

In Memoriam

MRS. MILDRED LEWIS SORRELL

We were saddened this year by the death of Mrs. Mildred Lewis Sorrell, the wife of our first principal. Mrs. Sorrell was noted for her love of children and music. From early in her life, she was a teacher, a Sunday School teacher, and a member of her church choir. She expressed so much interest in the welfare of children in the community; and she was responsible for many who would not have been able to have achieved success without her help.

All of us who knew her remember her for her keen interest in Cohen School and the children who attended here.

It was Mr. E. W. Sorrell who said "Distributive Education has become of age at Walter L. Cohen Senior High School". Truly these remarks are well founded.

Under Mrs. Boutney we have forty D.E. College graduates, 50% of whom are employed in New Orleans. Two of these graduates are now coordinators in New Orleans and are now in the D.E. National Hall of Fame. We have one Buyer for F. W. Woolworth and an Assistant Manager. Thirty are employed as Managers, Supervisors, Fashion Designers and one Actuary for a large Insurance Firm.

We salute Cohen's progress in Distributive Education.

A Note Of Thanks

MR. FRANK MEYDRICH

"The only way to have a friend is to be one."

This quote relates itself to Mr. Frank Meydrich, Jr. of Venice Gardens Super Market. He has been a friend and Training Sponsor of Walter L. Cohen Senior High School's D.E. Department for fifteen years and serves as a member of our Distributive Education Advisory Committee.

We wish to thank Mr. Meydrich for helping our students to help themselves.

"Best wishes to Mrs. Boutney and her most efficient department."

Mr. Nat Ferrara, owner of Tremé Super Market, 1516 Orleans St., has been a Training Sponsor for Cohen Senior High School for fifteen years. He serves as a member of our Distributive Education Advisory Committee.

We are deeply grateful to Mr. Ferrara for the jobs he has given to our students. This vote of confidence has helped us immeasurably.

Mrs. Alice Johnson Bonaparte Retires

MRS. ALICE JOHNSON BONAPARTE

Mrs. Alice Johnson Bonaparte is one of the oldest teachers in years of service at Walter L. Cohen High School. She came to Cohen after a varied experience in the schools of Orleans Parish. Since coming here she has served in the Mathematics Department and has given of her time, and talent to the children whom she teaches.

In retiring, Mrs. Bonaparte leaves a place which will be hard to fill. Not only has she been a fine worker in the classroom; but her services to the Parent-Teacher Association have been most valuable, in that she has served most efficiently as treasurer for many years.

We wish her every happiness in her retirement and express our thanks to her for having known and worked with her.

The ultimate goal of American education is to train students in accepting responsibility for their continued education in developing habits for living. In order to do this the 6th period class of (308), Mrs. U. A. Bradley, instructor, has begun an experiment to ensure that a student not only learns, but also discovers his own best approaches to learning.

Together with the help of the Librarian, Mrs. Brown, and the Administrative Intern, Mr. Kastner, they have begun the program of Independent or Self-Directed Study. Other Social Studies Classes are destined to join the program.

TEND HER WHILE SHE LASTS

There is not a day dear Mom;
That we do not long for you;
By your grave we often stand
And try in vain to understand.

Forgive us, O Lord, in tears we
pray
She was so precious, why couldn't
she stay?
For those who have a mother
Tend her with love and care
For you do not know her value;
Until you see her vacant chair.
