## Foreword

WE, AT COHEN ARE CELEBRATING OUR TENTH BIRTHDAY THIS YEAR. GRADUATING CLASSES FROM 1953 TO 1963 REPRESENT A DECADE OF EDUCATIONAL AND CULTURAL PROGRESS FOR US. IN THIS YEARBOOK WE HAVE TRIED TO GIVE THE FEELING OF CELEBRATION, GAIETY AND REVELRY. WE HAVE EVEN CHOSEN FOR OUR THEME "TEN CANDLES ON THE WA-LO-GO BIRTHDAY CAKE."

IF WITH CAKE, CANDY, BALLOONS AND PRESENTS WE CAN SHARE WITH YOU, OUR FRIENDS, THE HAPPINESS OF THIS FESTIVE OCCASION, WE SHALL INDEED BE PLEASED. WITH THIS THOUGHT IN MIND THE 1963 GRADUATING CLASS OF THE WALTER LOUIS COHEN SENIOR HIGH SCHOOL PRESENTS TO YOU ITS 1963 ANNUAL.

## Editorial

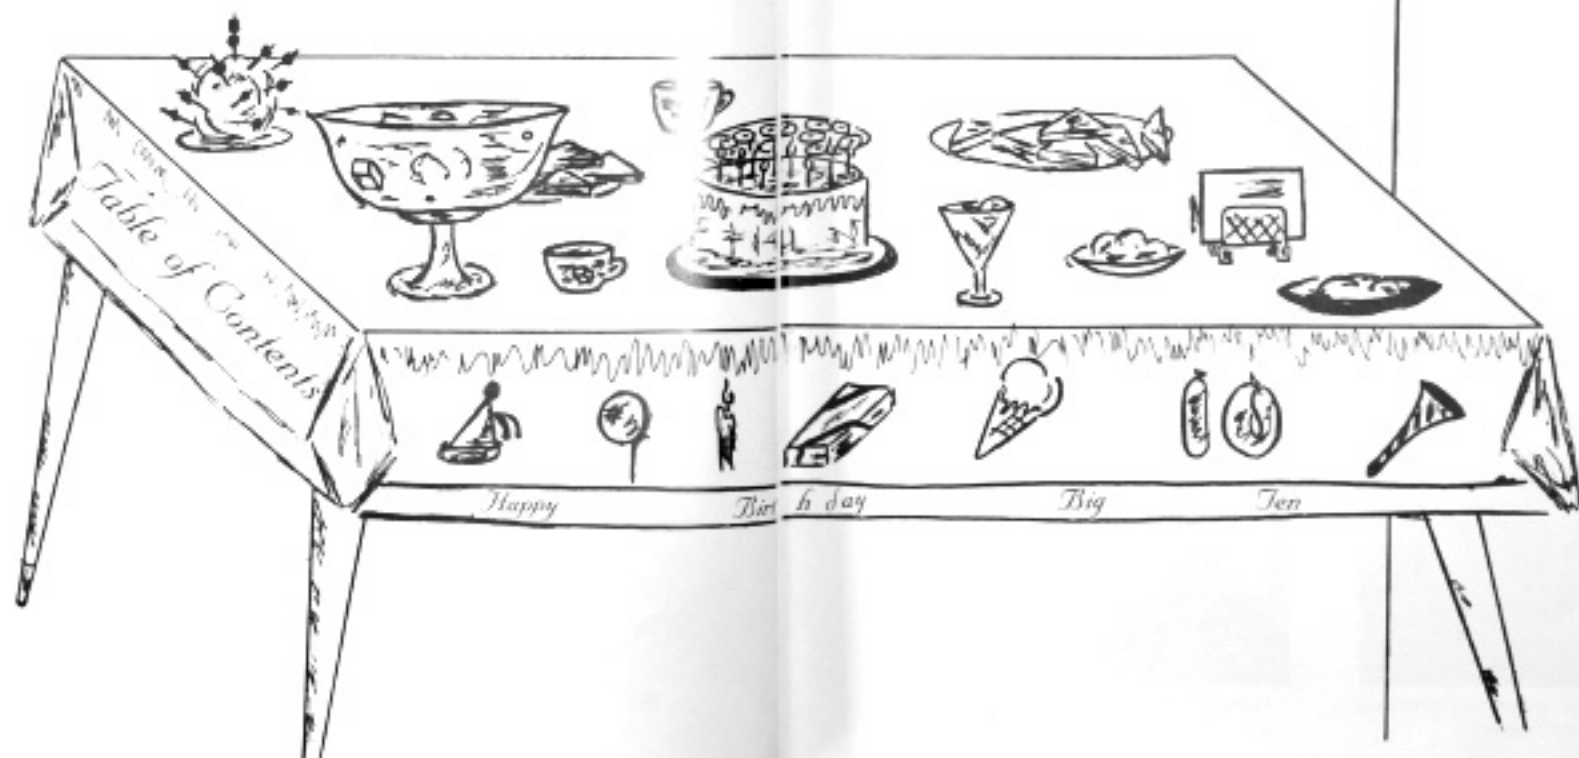

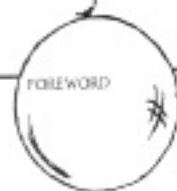

FAYE NELL HORTON 1963 Editor-in-Chief of Wa-Lo-Co

As you open the 1963 Wa-Lo-Co Annual, you will notice the theme helps Cohen to celebrate its tenth birthday. We, as seniors, are the tenth group of young adults to leave Cohen and accept or denounce the challenge which this progressive world holds for us.

It is for us to decide now as others have done before us whether or not this is the step or one of the steps in the right direction for a better and more productive future. It is a decision which many former Cohenites have made poorly or wisely and with us, as with them, this decision will mark one of the most important choices of our lifetime.

Let us make this, the tenth graduating class, a class of which former and future Cohenites can be proud. If in 1973 a birthday is again celebrated, it is our sincerest wish that we shall be worth mentioning.

|    | <p style="text-align: center;">DEDICATION</p> <p>Sociologists speak of mankind as a social being; - and in being a social being he must associate with others. In order that those associations might be pleasant, through the years man has increased his ability to get along because of his exhibition of the 'social graces'; and our world has been made better because of it.</p> <p>The person to whom we dedicate this 1963 annual came to Cohen as a beginning teacher in the field of Physical Education. From the start her vibrant personality and boundless energy gave her success in the department in which she was working. Her girls loved her and accepted her instruction willingly.</p> <p>A few years later, she changed her field and began teaching English, which was really her major field. In this she has had much success; but there is one thing more that makes this person so worthy of the honor which we bestow on her.</p> <p>For the past several years, she has been chairlady of the Amenities Committee of our staff. She has done an excellent job in this area, making our work here more enjoyable.</p> <p>For her work with some of our boys who have had difficulty, we commend her. Some would not have stayed in school without her interest and counseling.</p> <p>All these things, and many more could be said, but we pay tribute to Mrs. Dorothy Page Powell, Mother, Teacher, Friend, and Willing Worker; and dedicate this 1963 Yearbook to her with all our hearts.</p> |                                                                                       |                                                                                       |                                                                                       |                                                                                       |    |

# Our Principal Salutes the "Big Ten"

MR. ROBERT N. PERRY JR.

With the class of 1963, we begin the second decade of classes to be graduated from Walter Cohen Senior High School. This year we are paying tribute in all of our activities to the "Big Ten" - the first ten, for they deserve honor. Ten has played an important part in the life of our school; and this year we celebrate the 100th anniversary of the birth of the person for whom our school was named, the late Walter Louis Cohen. Likewise, it is the centennial of the Emancipation Proclamation, that great document written by a great President, who with a few strokes of a pen did far more than just strike the chains of slavery from the ankles of thousands of human beings, but began a movement which is bearing fruit in that America is truly becoming a land of equality of opportunity and freedom.

Throughout the history of Cohen School the philosophy of the school has been based on the needs of the community and the capabilities of the students. By preparing young people to be good citizens and well-equipped workers in a community, the philosophy of the school has become more a way of action than a wishful dream.

We honor the first ten; and we challenge the second; for the second ten must do far better than the first. What has gone before is history. We salute the history-makers of today, whose present becomes the history of the future; and we wish you well. We count on you to make our work worthwhile and our future secure.

Sincerely,

*Robert N. Perry Jr.*
