

WA-LO-CO

1973

*THE FACULTY, MR. PERRY,
THE ALUMNI, STUDENTS AND FRIENDS OF THE*

WALTER LOUIS COHEN
SENIOR HIGH SCHOOL

1520 DRYADES STREET
NEW ORLEANS, LA. 70115

PRESENT OUR

1973 WA-LO-CO

IN

MEMORY OF OUR TEACHER, CO. WORKER AND FRIEND

MR. WILLIAM "BUCK" HUNTLEY

WE MAKE THIS PRESENTATION ALSO TO MRS. MARY HUNTLEY
AND LYNN VERNICE, HIS WIFE AND DAUGHTER, AND MR.
EARL HUNTLEY AND MISS MARJORIE HUNTLEY, HIS BROTHER
AND SISTER.

FOREWORD

This is our first year in our new building. We have selected for a theme, "People Make the World Go Round".

We have brought back a few of our fine alumni in this issue of WA-LO-CO. We did this to stir your imagination, Cobenzites.

May your contributions, too, help to make a better world go, round

DEDICATION

MR. WILLIAM J. HUNTLEY, JR.

Willing worker with students assigned to him,
Insured with standards and beliefs of excellence in learning,
Letting youth work out their own problems while
Listening to their voices when troubled,
In every way possible, improving skills and knowledge of his students
Allowing experimentation in action,
Making a way when there was no way,

Joining with others to get a job done

Helping when a hand was needed,
Understanding through his work for many years,
Never backing down when he believed he was right,
Toiling eternally to achieve proper goals,
Lending of all resources to make a program succeed,
Enduring pain uncomplainingly and without self-pity,
Yet realizing the greatness of the tasks of almost
a quarter of a century of working with others,
Just "one of the fellows" when it was necessary that he be,
RESQUICAT IN PACE

THESE STUDENTS MAKE

OUR WORLD GO 'ROUND

OUR PRINCIPAL
Mr. Robert N. Perry, Jr.
M.A., Columbia University

THE PRINCIPAL'S MESSAGE PEOPLE MAKE THE WORLD GO 'ROUND

Imagine, if you will, a giant turtle slowly moving through space carrying the sun and stars. Imagine the great Atlas bearing on his strong shoulders the whole world. Imagine the world as a flat circle suspended on pillars which rested on the bottom of a vast ocean. These were the beliefs of the "learned" men of their respective ages. Then the voyagers of later centuries demonstrated that the earth was round; and that the sun was not pulled by a god-like driver; but that the world turned. What made it turn? Scientists and philosophers of the earth and its movement found evidence that made them know that the world goes 'round. And that certain rules of nature directed its movements. What made the earth go 'round? We can learn more and more about this.

The "going around" of this message is concerned with the world of ideas. How do ideas go 'round? How do we play our part in this movement of ideas and men?

As our knowledge increases, there should be a certain sensitivity toward others with whom we live and with whom we work. This sensitivity, in a more or less degree, is the sensitizing factor which makes the world of ideas "go 'round." Being sensitive to the feelings, the gifts, the ambitions, the hopes, and the desires of others makes our own world of ideas move to either success or failure. Our putting ourselves in the place of others, empathy, if you will, our believing in the Golden Rule, continued striving for peace and understanding among all peoples of the world, and wise use of the gifts that have been given us by God and nature will make our world go 'round. There is a song, "Love Makes the World Go 'Round" that demonstrates this most beautifully, -- because it is the love of people, and people, these things, that make the world go 'round. Cohen School is our world for many hours of the year. Each of us should be the kind of people who will make our world go 'round. My best wishes go to each of you.

Sincerely,

Robert N. Perry Jr.

OUR 1973 EDITOR-IN-CHIEF

ANNA CHARMAENE ROBERTSON

EDITORIAL

I am very proud to have been selected Editor-in-Chief of the 1973 WA-LO-CO. I could never find words to express the joy. It has been a rewarding experience although there were many frustrations. These frustrations were overshadowed, however, by the thrilling experiences, hard work, and the deep feeling of accomplishment.

The theme, "People Make the World Go Round", is indeed a timely one. It takes many different kinds of people to make a world. Scientifically we feel that revolution and rotation are the causes of this phenomenon, but a world without people is unthinkable.

Round and round it goes because people need people to love, to share, to care to keep the world in motion. Enjoy your 1973 WA-LO-CO as you meet some of the people who do make a very real world go round.

COHEN IS VERY PROUD OF ITS GRADUATES. THEY HAVE DONE WELL IN EVERY FIELD OF ENDEAVOR. THEY ARE CONCERNED ABOUT THEIR HIGH SCHOOL AND ARE PROUD TO COME BACK AND LET US KNOW WHAT THEY ARE DOING. WE HOPE TO HAVE AN "ALUMNI SECTION" EVERY YEAR.

IT IS WITH A DEEP SENSE OF PRIDE THAT WE PRESENT IN OUR 1973 ISSUE OF WA-LO-CO COHENITES WHO ARE.....

"MAKING THE WORLD GO ROUND"

WE WANT YOU TO KNOW WE LOVE EACH ONE OF YOU AND LOOK FORWARD TO MORE OF YOU DROPPING IN TO SAY "HELLO."

MR. CURTIS B. MILLER

1953 GRADUATE

Mr. Curtis Miller graduated from Cohen in 1953 and then attended Grambling College. He is pictured here with his daughter, Michelle, who is a fine young Cohenite. He has a son, Brian who is ten and waiting to join what we refer to as SECOND GENERATION Cohenites.

Curtis is employed as a Quality Inspector at Owens Illinois Glass Company. He is a member of New Zion Baptist Church and a volunteer worker with Cub Scout Pack 133. He is married to the former Miss Jeannette Castle who is also a graduate of Cohen.

Fine citizens like the Millers make us very proud for they are making a better world go 'round.

MRS. HELEN TURNER THOMAS

1953 GRADUATE

Mrs. Helen Turner Thomas' work is never done. She is a housewife, a mother and a volunteer worker in her children's school. Helen is also a den mother and has received a plaque for Outstanding Mother from Cub Scout Troop 482. She is a Sunday School teacher, President of the P. T. A. at Danneel School and what's more, she loves it all.

When asked how she keeps up this terrific pace, she did stop long enough to tell us that her mother, too, was a civic worker. Renita, Ulysses III, Blanche, Bruce and husband Ulysses, Jr. and civic work make up Helen's world and she is determined that it will go 'round.

DR. ROBERT N. PERRY, III

1960 GRADUATE

Dr. Robert N. Perry, III is a 1960 graduate and the son of our beloved principal, Mr. Robert N. Perry, Jr. Dr. Perry received his Ph.D. in Physics from Howard University in Washington, D.C. He was also the recipient of the coveted Woodrow Wilson Fellowship.

His success in the field of Science has not changed him one bit. He remains the lovable young Colenite that some of the teachers here remember so well.

When we looked through his Resume there was little that we could understand, but we knew that Robert would much prefer our saying that he dearly loves his high school. We do know, however, that he will keep our world going 'round because his many accomplishments indicate a brilliant future.

MISS LAVERNE S. HAYES

1953 GRADUATE

Miss Hayes was always very special at Cohen because she lived very close to the school and her mother was so active in the P.T.A. We always knew that if something were missing, we could get it from Laverne's home. She still visits and is proud to be the aunt of a second generation (Hayes) who also attends Cohen and is a fine Cohenite.

Miss Hayes is an elementary school teacher in the Orleans Parish School System and she is a member of Delta Sigma Theta Sorority. This 1953 graduate is grateful for the fine foundation which she received here at Cohen and remembers that her work at Dillard University was much easier because of the four years which she spent as a Cohenite.

MRS. FAYE H. HOBLEY

1963 GRADUATE

Mrs. Hobley lives in Chicago, Illinois and was an Air Line Stewardess for five years. She is presently employed with Eastern Airlines as Quality Assurance Supervisor. When we wrote to Faye to ask her to be a part of our Alumni Section, she said that she was flattered. We hope that all Cohenites will feel as Mrs. Hobley does. She was our 1963 Editor-in-Chief and First Maid in the Homecoming Court.

Faye is another of our fine graduates who has done very well in adult life and will be right in there pitching to see that she keeps ours and her world going 'round.

MISS CHERYL QUAVE WILSON

1962 GRADUATE

Miss Cheryl Q. Wilson is a 1962 graduate of Coben. She was Editor-in-Chief of the yearbook and valedictorian of her class. She received a B.A. Degree from Howard University in 1966 and an M.A. from American University, Washington, D.C. in International Relations in 1969.

She has worked in the Department of State, the Department of Commerce, as Asst. Desk Officer for Nigerian Affairs (USAID) and Program Assistant for Education and Family Planning, Lagos, Nigeria. Miss Wilson has a very fine collection of African Art which is available for exhibition.

Tropical Medicine is the field in which she plans to work here at Tulane University.

Cheryl is the only daughter of Mr. and Mrs. Commodore Wilson.

MRS. BEATRICE PERRY STANLEY

1962 GRADUATE

Mrs. Beatrice P. Stanley is the wife of the Rev. A. Knighton Stanley and the mother of two children. She works in the Washington, D.C. Public School System as an elementary teacher. Mrs. Stanley is a 1962 graduate and holds a Masters Degree from George Washington University.

Bea Alice is a very serious young woman as her photo reflects. She has a fine future cut out for her; the rearing of her children, being the wife of a minister and a teacher. If you know this fine young Cobenite, however, you will know that she can do it all and very well, too.

Mrs. Stanley is a very loyal Cobenite and we see her whenever she visits Daddy and Mama, Mr. and Mrs. Robert N. Perry, Jr.

MR. TERRENCE R. DUVERNAY

1960 GRADUATE

Mr. Duvernay is a 1960 graduate and was the first young man to become Editor-in-Chief of WA-10-CO. He is married and is the father of a little girl, Danielle.

He is Federal Programs Administrator for the City of New Orleans. He has to coordinate and oversee all grant programs and grant activities of federal agencies operating under the auspices of the City of New Orleans.

This is a big job and a big responsibility. Those of us who are fortunate enough to know Terrence know that he will get the job done. When we talked with him he told us that he could only say that he was trying to do his best. This means that all is well. Mr. Duvernay loves Cohen and was happy to be included in our 1973 Alumni Section.

For the many people that Terrence can help toward a better life he can in reality make their world go 'round.

MRS. JANE HORTON JONES

1965 GRADUATE

Jane H. Jones was the Editor-in-Chief of our 1965 yearbook. For this production she will always be remembered. Jane let us know then that she knew her world and that she was determined to make it go 'round.

She graduated from Dillard University in 1969 and has since done graduate work at the University of Chicago. Mrs. Jones lives in Des Plaines, Illinois and is the Director of a day care center.

Mike, pictured with her is nine months old and as Jane says, Mike, husband George and her job are enough to keep her bright-eyed and bushy tailed.

1964 GRADUATE MR. NELSON C. BROWN

Mr. Brown sent us his information from The Foreign Service of the United States of America, Istanbul, Turkey. He was hoping that it would get to us on time. Nelson visits when he is in the states and lets you know that he still loves Cohen dearly.

He explains that even though his postmark is Istanbul, the pictures were made during a stint in Cyprus.

Mr. Brown is Assistant Cultural Affairs Officer in Turkey. He has a Masters from George Washington University in Washington, D.C. To know Nelson is to know a completely dedicated person. When he attended Tulane University he came to Cohen regularly to talk with his teachers. He is doing a magnificent job in the Foreign Service and will do a great job wherever he goes. People like Nelson make the world go 'round.

Mrs. Olivia H. Butler

Malcolm Johnson

A SOPHOMORE COHENITE

Malcolm Johnson makes our world go 'round. He has put in more than 900 volunteer hours at Toussaint Infirmary. He was inspired by his late grandmother who he loved dearly. In fact the inspiration which she gave him was so great that he has decided to become a physician.

We want Malcolm to know that our school is extremely proud of him and that we shall watch with sincere interest as he works toward his ultimate goal.

We thought that Malcolm may just want "Grandmother" to share this tribute with him. She passed in 1972. She had eight children and six grandchildren. She must have been a wonderful person because he seems so happy when he talks about her. We consider this a tribute to Mrs. Butler and to all the other loving grandparents who leave a living legacy to a bright future.

MISS TREVA LYNN NORMAN

1969 Editor-in-Chief
of W&L-CD

1969 GRADUATE

Miss Norman is a senior at Dillard University and still finds time to take courses in her major, **EARLY CHILDHOOD EDUCATION** at Loyola University. She loves children so her field of endeavor has been well selected.

Treva Lynn is the only daughter of Mr. and Mrs. T.J. Norman. Sometimes when you see Treva, ask her who "Nanny" is and she will light up like a "Christmas tree." It will be very hard for this Cohenite to forget Cohen because her beloved "Nanny" is Mrs. Dorothy Powell who works here with us.

We tell that Miss Norman has set a fine goal for herself and that she will be a success because she, too, knows how important it is that the world keep going 'round.

THE SENIOR CLASS OF 1973

WISHES

TO EXPRESS SINCERE THANKS TO THEIR TEACHERS

FOR BEING PATIENT, KIND AND UNDERSTANDING

We know that we were wrong most of the time, but we want you to know
that we appreciated the chances you gave us to try again.
Bless each one of you.
