ANIMAL HOMES

ANIMAL HOMES

Animals have their homes in many places...
on the ground
in the ground
in the water
in high trees
in high rocky places
Each kind of home is a good one for the animal that makes it.

A NEST

A nest is a bird's home. The bird makes his home in a hole in the ground or in a hole in a tree. The bird's nest is made of sticks and leaves.

FARM ANIMALS AND THEIR BABIES

45

The Sheep and the lambs

The mother sheep is a female.
The father is a male.
The babies are called lambs.
All lambs like to suck
milk out of their mothers.
They also like to play with
their friends.

PIGS

The mother pig is called a sow.
The father is called a boar.
The babies are called piglets.
All piglets like to suck
milk out of their mothers.
They also like to play with
their friends.

The Cow and the Calf

The mother cow is called a cow.
The father is called a bull.
The babies are called calves.
All calves like to suck
milk out of their mothers.
They also like to play with
their friends.

CHICKENS

The mother is called a hen.
The father is called a rooster.
The babies are called chicks.
All chicks like to peck
at the ground for food.
They also like to play with
their friends.

The Duck Family

The mother duck is called a hen.
The father is called a rooster.
The babies are called ducklings.
All ducklings like to swim
in the water.
They also like to play with
their friends.

We Need Food for Our Bodies

Food is what we eat to keep
our bodies healthy.
We need food every day.
Without food we would
die.

We Need Food for Our Bodies

Food is what we eat to keep
our bodies healthy.
We need food every day.
Without food we would
die.
