Wm. P. Adams, graduate of Colorado State College, Greeley, Colorado, M. A. degree in Educational Administration, Principal of Haynesville Colored High School, with six years of experience as a football player himself, has been an inspiration to the team in winning the State Championship in 1951-52, as well as furnishing the necessary drive to help the team win the best five out of five games in which they have played this year.

He, on behalf of the faculty and student body of the Haynesville Colored High School, wishes to express his appreciation to the citizens of Haynesville for the splendid cooperation you have given the school, and solicits continuation of that splendid support. He feels that through the cooperation of all the citizens of Haynesville we shall be able to make Haynesville a better place in which to live.
