The 1969 Dragon

11th Edition
Princeton High School
Princeton, Louisiana

It has been said that life is a book of many chapters. We hope that this yearbook is one of the best chapters in our lives here at Princeton.

We are especially grateful to the citizens and school personnel for their encouragement and faith in our publication. May this 11th Edition in some small way continue to unite us in our struggle for excellence.

Principal's Message

I am always happy when we publish another edition of the Dragon. In my opinion, each publication serves a great purpose.

The publication, in words and pictures, reflects to a certain extent what we're doing here at Princeton, not only the academic standpoint but also it reflects upon the total development of all students.

For we believe that the training received at Princeton will determine, to a large degree, how well we may get along for the rest of our lives. This is why we must never stand still nor adopt the idea that we know it all; instead, we must be ever-willing and eager to learn and to practice how to become better.

From time to time people in all walks of life say nice things about the school and many of its graduates. I only hope that those who wear the green and white, and others who journey through these pages will always be eager to maintain this good image, hoping that those who follow will be inspired to reach greater heights and make greater contributions to improve the lives of others.

Superintendent's Message

The passing of each day brings students closer to the day when they receive diplomas and rush headlong into adult society. We trust that the time spent at Princeton has been a valuable part of the building of their good citizenship.

A dedicated school administration and staff is one of the things with which you have been blessed.

It is our sincere hope that staff and students will take advantage of every opportunity offered to prepare for your part in our American Society.

On a parish level we are constantly striving to advance in our quest for newer and higher goals, rather than be satisfied with attaining the old ones.

We hope the faculty and students might catch something of this spirit of learning to go forward.

The 1968-69 Princeton High School Basketball team closed its season with a record of 8 wins and no losses in district play, winning the district championship. The team's over all record for the season was 27 wins and 2 losses. The team displayed strong offense behind a balanced scoring attack with six players averaging in double figures. There were Fred Williams, Edward Smith, Clarkie Smith, Willie Ball, Charles Jackson, and Jimmy Rusley.

The Dragons also won three 1st Places in tournaments: the District Tournament, Princeton Invitational and Webster's Tournament.

Next year Coach Earl Culbert can build on two returning starters, as well as several other members that saw much varsity action, and the return of a strong "B" Team.
