ALMA MATER

Far above the Mississippi, stands T.R.H.S.

Our noble Alma Mater tried and proved the best.

Tensas Indians gave the starting, we now carry on.

Works of men whose vision saw, Hail, All Hail Tensas!

Tensas dear we'll always love thee, lift and praise thy name.
When in downfall or in victory, we'll love thee the same.
Come what may in times of sadness, we will loyal be.
For it's from thee comes inspiration as we toil for thee!

Oh, live on dear Tensas, Live on, doing work that's well. And your noble sons and daughters, will true stories tell. By each rule we'll learn, we'll labor, to uphold as law. Black and gold will wave forever! - Hail, all hail Tensas!

O'S THE STATE OF T	Mamie White

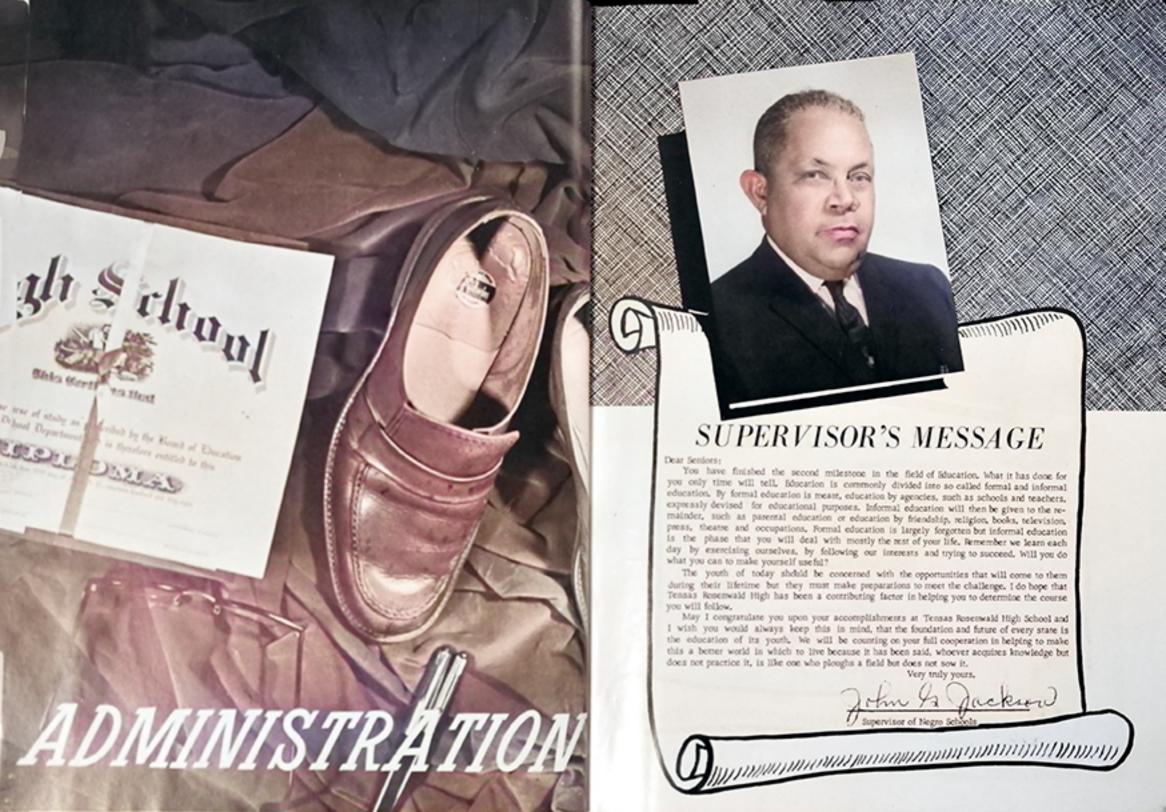

The Senior Class of nineteen hundred sixty-four proudly dedicates The Tensasan to one with a very high intellect.. Not only because of the role that he has played in the educational field, but because of the respect that is due him. However, his education has inspired us to the extent that we must endeavor to achieve the best.

With his profound intention, he never appeared to be disillusioned. Nevertheless, those moments will be remembered not only by him but they will remain as cornerstones in our bright future. Because this has been one of the main purposes he has striven so hard to prove that it can be done and must be done, not later but now. It is now that we should cast the spotlight upon his unique path.

Many are the contributors to our success, but none have been more active than he in unlocking the doors through which we had to enter in our quest for knowledge. So therefore, we acknowledge his vigorous effort despite our witty reactions. The Seniors of 1964 feel it is a pleasure to be the first class to acknowledge the greatest life long learner of our times, Mr. E. V. Jones.

TENSASANS AND PRIENDS OF TENSAS POSENWALD

I offer a special commendation to the students who are taking leave of us. I commend them on their splendid efforts in the last few years, when they worked under the guidance of our teachers. Their efforts were, I repeat, very good but far from perfect, I hope they do not feel so self-satisfied that they become indifferent to their obligations not only to their country. but to themselves as well. Indeed that would be a tragedy.

In your future years one of your greatest joys will be to re-live your past.

The 1964 Tensasan is an invaluable possession in adding to the richness of your lives, and as the years go by, you will find that it will grow more dear to you.

I offer you the good wishes, hopes, and prayers of your Alma Mater, and I trust you may fare well in your journey from this place.
